Letter of Recommendation

To Whom It May Concern,

Saesha Khosla, a student of Dubai English Speaking School (DESC), Dubai, is a compassionate and proactive individual whose initiative, *Read to Rise*, reflects her strong sense of social responsibility and leadership.

During a visit to India, Saesha encountered young children selling books they had never read themselves. This moment deeply impacted her and inspired her to take action. She initiated a book drive to collect unused books and redistribute them to underprivileged children who lacked access to basic reading resources.

Through her efforts, Saesha successfully collected over **100 books** and collaborated with the **Suma Blessings Foundation** to ensure their effective distribution among underprivileged children. Her ability to turn empathy into tangible impact demonstrates initiative, strong organizational skills, and a genuine commitment to change.

I strongly recommend Saesha for any opportunity she pursues. She is a thoughtful leader and a true changemaker.

Sincerely,

Geeta Dwivedi
Director - HR
Suma Blessings Foundation
